

Our fees are payable for the whole term. For direct debits, this means 4 equal payments until the end of the last month of term - end of December, end of April, end of August - even if your child does not stay until the end of term.

For a child to leave, parents must give notice using this form no later than the current term's notice deadline, otherwise the whole of the following term is payable on top of the current term. (see the Year Planner for dates)
